Shore Captains

What Is A "Shore Captain"?

All subdivisions have volunteer "Shore Captains". The "Shore Captain" is to be a communication link between the property owners and the Board. If an individual has questions or concerns regarding subdivision or property owner's issues, he can discuss the matter with his subdivision "Shore Captain". The "Shore Captain" will then direct the question/information to the appropriate board member, and get back to the individual with some answers. If a new family moves into a subdivision, property is bought or sold, or lake information needs to be distributed, please contact your "Shore Captain." If you are pleased, dismayed, or confused about something involving lake issues...tell your "Shore Captain"!
